

What do you consider luxury swimwear?

Is your swimwear hand-made or hand-finished? Has it been carefully designed and created 'with love' using quality fabrics only? There you have it: it's a luxury swimwear.

Desinger swimsuits and bikinis...

... are unique and elegant. Ideal for a Wow effect

... aren't produced in mass

... aren't made of cheap materials

... have 'a soul'. This is, they've been designed by a creative person or team, with so much care and love

... adapt the design to each size and, even, cup size

... have patterns that adapt to each size and style, for a perfect match
